Sir,

May I trouble you by asking if it is your intention to publish your autobiography. A life spent as yours has been in the service

HSA. P.L. V.30, p.87A

of humanity, will I
am sure constitute
a valuable history of
the cause, with which
your name has been
associated; and
should your health
permit, I for one
should hail its publi-
cation with peculiar
pleasure.

Should it not

be your intention, can
you kindly recommend
me to any port or
works which will
give a good history
of the struggle for
Emancipation. If you
will do do I shall
be greatly obliged
with best wishes for
your renewed health
Believe me
Yours respectfully
Edward J. Collings
